## TESTING, DEBUGGING, ASSERTIONS

LECTURE 06-1

JIM FIX, REED COLLEGE CSCI 121

## **COURSE INFO**

- REMINDER: Project 1 is due Mar 6 at 1pm.
  - I will add a Gradescope problem to submit your zip file. The main work will be in these two files:
    - rules.py
    - demo.py
- ▶ **NOTE:** There *will be a short quiz on Wednesday* 3/8 in lecture
  - It will cover functions, procedures, and loops (Homework 3 and 4)

## MIT 6.001 OCW
